# INSTRUCTIONS

This papercraft building kit contains 5 elements:

1 Building

1 Roof

1 Large lightboard

1 Small lightboard

1 Steel pole

1. Print on 300 g/m<sup>2</sup> cardstock
2. Align your ruler to the grey lines and score each element.
3. Cut along the outline of each element.
4. Fold and glue accordingly.
5. When each element is assembled, attach the roof to the building.
6. Glue the pole to the bottom back of each light board – the small light board goes to the far right of the pole, and the large one next to that. Allow appr. 5 mm of space between the two light boards.
7. Finally, glue the far left end of the pole to the front edge of the roof.
8. Edging and coating can be applied as desired.
9. Make good use and enjoy.
