Police Tactical

A highly-modified version of a fire truck downloaded from <http://www.tramapothibb119.jp/11-kids-6.html>, the truck-painter portion of a C-Stopper Fire's Changer, <http://www.gemini-models.com/boxcars/miniatures/2010-2011/>, textures and the front wheel and the rear wheels from China's 'Convey' truck, <http://www.gemini-models.com/boxcars/miniatures/2009-2010-models/>. Additional material came from images of real vehicles from the internet. Kitbash by Vermin_King
